

100ft 12/3 SJEOW

-58°F Coldweather Triple Tap Extension Cords with "CGM"

Our Sub Zero Triple Tap rubber elastomer cord features our patented "CGM" Continuous Ground Monitoring three outlet connector. This latest safety feature identifies that there is ground continuity in a circuit when the green light turns on. In addition, the lighted amber male plug indicates there is power flowing through the cord. Our special -58°F "Sub Zero®" coldweather jacket insures working flexibility in temperatures well below freezing.

FEATURES

- Manufactured to 12/3 AWG (American Wire Gauge) specifications
- Each of the three conductors contain 65 strands of 30 AWG 100% copper wire
- All copper is soft drawn & annealed for maximum flexibility under full load
- Our Sub Zero® coldweather rubber elastomer insulation and jacket guarantees working flexibility in temperatures down to -58°F
- SJEOW outside jacket is rated at 300 volts
- We use heavy duty molded on 15A-125V NEMA 5-15 plugs & connectors with internal strain reliefs to prevent the ends from pulling away from the cord body
- Lighted amber Power Check plug
- Lighted green Triple Tap Ground Check connector provides (3) additional power outlets when needed
- Jacket colors: Blue, Yellow & Green
- Lengths: 25ft, 50ft, & 100ft
- UL Listed and cUL Approved for Canada

WARNING: ⚠ This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
